SUMMARY

Dedicated and innovative professional with a passion for problem-solving and technology. With a strong foundation in Computer Science and hands on experience in web development, I excel in creating dynamic and user-friendly solutions. Skilled in HTML, CSS, JavaScript, and various web technologies, I thrive in collaborative environments and am committed to delivering high-quality results. With a proactive approach to learning and a drive for continuous improvement, I am poised to contribute effectively to projects and drive success in the ever-evolving landscape of technology.

EXPERIENCE

Fresher

PROJECTS

Collision Avoidance Robot

Arduino based differential robot which detects obstacles around it and move accordingly. In this project we have used Arduino UNO, Motor Driver, Ultrasonic Sensor, and also a Bluetooth sensor for Remote Control.

SIRUS BOT

An automated system with features such as attendance using face recognition, give response to any question using Open AI. In this project we use OpenCV, Google's Text To Speech, and Speech To Text Modules

LITTLE ANGEL SCHOOL

Make a website for Little Angle School, Banaras. Using HTML, Tailwind CSS, JavaScript, and Vue.js.

E-COMMERCE

Make E-Commerce website Using HTML, CSS And JavaScript.

PORTFOLIO

Portfolio Using HTML, CSS And JavaScript.

EDUCATION

Bachelor in Computer Science & Engineering, Integral University, India - 2023

Diploma in Computer Science & Engineering, Integral University, India - 2020
